

**DR. KRISTIN NELSON,
ASSISTANT PROFESSOR,
RSPH DEPARTMENT OF
EPIDEMIOLOGY**

**NEW
FRONTIERS
IN TB PREVENTION:
The promise of adult vaccines**

Dr. Nelson will discuss the current state of TB vaccine development, the potential impact of new adult TB vaccine programs globally, and discuss several of her newly-funded projects focused on optimal implementation of new TB vaccines once they become available.

**Friday
February
17th, 2023 9 am**
