

EMORY/GEORGIA TRAC WELCOMES

Visiting Professor

Thursday, February, 29th 2024 12PM - 1PM

Title: DM and TB Intersection: The Linked Epidemics

Guest speaker

**YOSRA
ALKABAB, MD**

Location:
CNR 6001 and via Zoom

Dr. Alkabab's research is focused on understanding the role of hyperglycemia and diabetes mellitus (DM) disease on tuberculosis (TB) treatment outcomes, including, active screening and anti-TB pharmacokinetics.

Dr. Alkabab is an Assistant Professor of Medicine, Division of Transplant Infectious Disease at the Medical University of South Carolina.
